Dear Dr Tam,

BTEC Qualifications for Admission to THEi Degree Programmes

I refer to the recent email communication between the Programme Leader of our Bachelor of Science (Honours) in Multimedia Technology and Innovation Programme and you about the articulation path to THEi for graduates holding the Higher National Diploma (HND) awarded by the United Kingdom's Business and Technician Education Council (BTEC).

We are pleased to inform you that the BTEC HND is considered by the Vocational Training Council to be equivalent of its Higher Diploma, so its holders can apply for admission to the third year of THEi's four-year degree programmes. However, bridging modules might be required if mapping shows gaps in the BTEC HND programme concerned.

Applications for admission will be considered on individual merit and on a competitive basis, and subject to the HKSAR Government's regulations. All applicants will also have to meet THEi's language requirements.

Thank you.

Yours sincerely,

Steven TSANG
