# We believe in learning

At the core of everything we do is the desire to make a measurable impact on improving people's lives through learning. Pearson aspires to be the world's leading learning company. From primary to secondary school, through to professional certification; our qualifications, curriculum materials, multimedia learning tools and testing programmes help to educate millions of people worldwide.

## The first choice for ambitious professionals

Whether they're looking to find their first job, progress in an existing career or find employment overseas, our popular and flexible LCCI qualifications provide students with the knowledge and skills to actually do the job, which is why they are trusted and valued by employers world-wide.

LCCI is the first choice for ambitious students all over the world, as they know our qualifications will give them the edge they need to take them as far as they want to go.

**In Malaysia LCCI is highly regarded for its integrity and high standards and LCCI graduates are very much sought after by employers. We are very proud to have worked with LCCI for so many years and look forward to continuing our partnership in the future.** ”

---

## Highly prized, highly recognised

---

All LCCI qualifications are widely regarded in the private sector for their practical focus on the key functions of modern international business. We work with employers, professional bodies and universities to ensure that what you teach matches and exceeds industry requirements.

---

## Qualifications that travel

---

We have a long and proud history of helping students develop the skills and knowledge to succeed in a global market. Our truly international qualifications allow students to progress into further training, create immediate value for new employers or achieve the next stage in their career - at home or abroad.

---

## Flexible teaching for flexible futures

---

Our accessible approach to learning and years of experience as an awarding organisation mean we support you with a range of training and resources. Students can study part- or full-time, at home or in a centre; and with flexible exams LCCI can fit around every learner's existing commitments.

---

# The subjects employers are looking for

Our range of business-related qualifications focus on the practical skills and knowledge that employers around the world value in the workplace, so students can aspire to a better job and have a better life.

We also understand what students need, so we teach our programmes in ways that work for them. Students can take single subjects or combine to create a unique diploma and with a choice of study modes and locations, students have the flexibility to manage their commitments and achieve their goals.

## **Financial and Quantitative**

Covering a range of essential financial and quantitative topics, we prepare students for progression to university and professional qualifications, or direct employment in the financial sector.

## **Business, Administration and IT**

With qualifications ranging from business principles and performance, to operations and internet security, you will equip your students with the knowledge and essential business skills required for employment and progression in a modern office environment.

## **Marketing and Customer Services**

Enable students to develop a broad, strategic understanding across the full range of marketing and customer services activities, contact centre management and PR.

## **English Language**

Provide students with the necessary business English skills to excel in any professional environment. Our comprehensive range of English language qualifications includes English for Specific Purposes, General English and Teaching English.
