

Pearson Test of English Academic (PTE Academic) is Pearson's new computer-based academic English language test for international students and is endorsed by, and the preferred test of, GMAC—the owners of the Graduate Management Admission Test (GMAT).

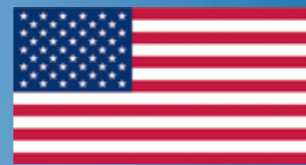

## Worldwide recognition

"PTE Academic score data on the enabling language skills, such as fluency, grammar, vocabulary and pronunciation, gives us a great tool to assess the language abilities of incoming MBA applications to ensure they can interact at the levels expected in a small, experienced group of professionals on the Ashridge MBA programme."

Amy Armstrong, Director of Marketing,  
Ashridge Business School, UK

"I am truly excited about PTE Academic. After working for years with other English language tests and getting increasingly frustrated, I am ready for something new and better. I have worked with Pearson during the development of this test and have had the opportunity to see its innovative design and capabilities. In addition, PTE Academic is endorsed by the Graduate Management Admission Council—so it is backed by Pearson and GMAC, both brands that we know and trust."

Frances Murphy, Director of Graduate Admissions Baruch College,  
Zicklin School Business, CUNY New York, US

USA

"Having had students from 90 countries, the colleges in our group have seen significant differences in quality in respect to the same standard. It is important to be able to rely on a robust test that takes away the risk of assessor subjectivity. We particularly like the automated scoring system and are pleased to recognize PTE Academic."

Christopher Campbell, Chairman & Managing Director,
